MEMORANDUM FOR THE RECORD:

1. There has been a recent reorganization in the SG affecting primarily Referat EL I (East German IS) which is headed by Regierungskriminalrat Joachim KAHNKE and Referat EL II (Soviet and Satellite IS) which is headed by Regierungskriminalrat Theodor BARVOK. By far the greater majority of the treason cases handled by the SG are East German IS. Accordingly, it has frequently been necessary for EL II to relieve EL I of some of its burden by taking over some of the East German IS cases. According to the new reorganization treason cases are no longer assigned to a Referat on the basis of the identity of the opposition service involved. The total cases are simply divided between EL I and EL II without regard to the identity of the opposition service. This means that both sections will now handle cases involving all opposition services.

2. Another organizational change involves the creation of the post of Special Assistant (or Adjutant) to the Chief of the SG, Regierungskriminaldirektor Dr. Ernst BRUECKNER. This post is to be filled by Kriminalobermeister Karl SCHUEZ whose previous assignment has been with Referat EL I.
